The following statement was entered into the record for Supervisor Molina:

“The Department of Mental Health is bringing forward a plan to spend the combined \$160 million for Fiscal Year 2005-06 and Fiscal Year 2006-07. We need to approve and move forward with the conceptual framework of the Community Services Support (CSS) Plan which is designed to create a culturally competent mental health system, which promotes recovery and wellness for adults and older adults with severe mental illness and resiliency for children and youth with serious emotional disorders and their families. However, before authorizing full spending of the Mental Health Services Act (MHSA) funds we need to view the CSS Plan in context of the Department's proposed mitigation plan for Fiscal Year 2006-07. I therefore recommend that the Board take the following actions:

1. Approve the Director of Mental Health's attached recommendation Nos. 1, 2, 3, 6 and 9 relating to accepting the Mental Health Services Act money from the State and the continuation on the psychiatric decompression plan; and
2. Continue the Director of Mental Health's recommendation Nos. 4, 5, 7, 8 and 10 to May 23, 2006, pending the Department's proposed Mitigation Plan for Fiscal Year 2006-07, and the inclusion of additional information on the hiring plan for 260 additional positions requested under Mental Health Services Act (MHSA) funding and the 86 positions requested in the proposed budget.”

Dr. Marvin J. Southard, Director of Mental Health, addressed the Board.

After discussion, on motion of Supervisor Yaroslavsky, seconded by Supervisor Burke, unanimously carried, the Board adopted Supervisor Molina's aforementioned recommendations.
